

ECD / EDUCATION AND TRAINING

EARLY CHILDHOOD DEVELOPMENT

Child Development, 4 DVD SET

R6 000.00

This entertaining set provides detailed information about and examples of varying aspects of child development, including emotional, social, and intellectual development of children from infants through four-year-olds. It covers types of child care facilities, positive discipline techniques, and children with special needs. *4 DVDs / 2008 / 111 min total / HSEDU001*

Theories of Development

R2 500.00

This video explores cognitive, psychosexual, psychosocial, behaviorist, social-learning, and sociocultural theories of development. It discusses the work of Piaget, Freud, Erikson, Gesell, Skinner, and Vygotsky. The program explains the concept of the whole child and shows how developmental theories often focus on only one aspect of development.

DVD / 1997 / 29 min / HSEDU002

Child's Play: How Having Fun Turns Kids Into Adults

R2 500.00

Because play is the engine that drives child development, understanding play is key to working in the areas of child development and parenting education. This program defines play; explores different styles of play; considers the role of adults in play; emphasizes the importance of toys; and looks at practice play, parallel and cooperative forms of play, sensory play, and creative and symbolic play. *DVD / 2004 / 23 min / HSEDU003*

The Importance of Play

R2 500.00

Play helps children develop imagination, overcome fears, experiment, and learn to cope with new situations. This program shows how children stretch their minds and bodies and practice skills needed for future development through specific types of play. It explains that different forms of play are appropriate for different developmental levels.

DVD / 1992 / 10 min / HSEDU004

Playground Adventures

R3 900.00

This DVD examines the role of the playground as an outdoor learning environment that encourages child-initiated, teacher-supported play. It considers the role of play in child development and offers playground examples, including options for schools and educators with limited budgets. *DVD / 1992 / 30 min / HSEDU005*

Promoting Language and Literacy

R2 500.00

This DVD presents caregivers of infants, toddlers, and two-year-olds as they assist children in the early steps of language development and preparation for literacy. It shows the progress of communication from nonverbal expressions to phrases and sentences. *DVD / 2003 / 29 min / HSEDU006*

Introduction to Montessori Philosophy and Materials

R2 500.00

Providing an overview of Montessori philosophy, this DVD explores materials in the five curriculum areas. It shows how Montessori-based instruction prepares children for lifelong learning. *DVD / 2000 / 23 min / HSEDU007*

Montessori Infant/Toddler Assistant Training**R2 500.00**

Exploring the Montessori philosophy, this program considers the classroom responsibilities of infant and toddler assistants. It covers such topics as the prepared environment, observation, classroom roles, sensitive periods, peer relations, diapering, feeding, resolving tantrums, demonstrating respect, and independence. *DVD / 2009 / 23 min / HSEDU008*

The Creative Curriculum® for Preschool in Action!**R3 500.00**

Based on the works of Diane Trister Dodge, Laura J. Colker, and Cate Heroman, this program shows how to use The Creative Curriculum® for Preschool to guide decision making, build partnerships with families, and observe and assess children's learning. It features footage from Head Start, childcare, and public pre-K settings.

DVD / 2007 / 120 min / HSEDU009

EARLY CHILDHOOD PROFESSIONS – HSEDU010**R2 500.00****Creating Environments for Learning and Play****R3 500.00**

Featuring childcare experts, this program presents techniques that encourage children to explore, be creative, and have fun. It discusses outdoor and indoor spaces, safety and health, family and community, staff, equipment and materials, and learning during play. The DVD highlights such experiences and activities as manipulatives, games, dramatic play, art, science, reading, field trips, and media sources. *DVD / 1997 / 28 min / HSEDU011*

Growth of Intelligence in the Preschool Years**R3 500.00**

In this classic program, children from infancy to six years of age perform tasks designed by Jean Piaget that show how intellectual thought develops and manifests itself in early childhood. *DVD / 1968 / 31 min / HSEDU012*

CLASSROOM MANAGEMENT AND BULLYING**Classroom Management: Effective Research-Based Strategies****R4 900.00**

Explaining that an effectively managed classroom is an engaging, illuminating place, this program examines the three key factors of effectively managed classrooms: rules and procedures, appropriate consequences, and relationships.

DVD / 2006 / 26 min / HSEDU013

Classroom Management at Its Best**R4 100.00**

Exploring the differences between order and control in classroom management, this program presents a variety of practical approaches to classroom discipline. It describes effective teaching procedures, covers classroom rules, considers appropriate consequences, and examines a variety of proven behavior management strategies.

DVD / 1999 / 48 min / HSEDU014

Classroom Management Skills**R3 500.00**

This program demonstrates classroom management principles for secondary teachers. It shows a teacher developing rapport, establishing routines, and dealing with disruptive student behaviors. *DVD / 1983 / 30 min / HSEDU015*

Secondary Classroom Management Techniques**R4 100.00**

Showing how psychosocial classroom forces, family dynamics, and community norms influence student behaviors, this program demonstrates secondary classroom management techniques. *DVD / 1983 / 29 min / HSEDU016*

Curriculum**R3 700.00**

This program teaches how to design a curriculum that addresses the needs and interests of all students and shows how a well-designed curriculum improves discipline. *DVD / 1994 / 35 min / HSEDU017*

Managing Challenging Behavior**R4 700.00**

This program teaches educators how to identify the strengths and weaknesses in their styles of classroom management. It examines the causes of challenging behaviors, considers student behaviors that teachers can directly influence, highlights supports for managing challenging situations, and emphasizes the importance of a school-wide behavioral policy.

DVD / 2001 / 135 min / HSEDU018

Managing and Motivating Challenging Children**R6 200.00**

Presenting 25 behavior modification strategies, this DVD demonstrates assertive, yet nonconfrontational, behavior management. It discusses factors that influence student behavior and includes dramatizations of common classroom incidents. *DVD / 2007 / 110 min / HSEDU019*

Ethics and Integrity in the Academic Environment**R3 200.00**

In this DVD, academic professionals discuss unethical student practices and consider how such issues as cheating and plagiarism have affected the academic community. *DVD / 2006 / 25 min / #HSEDU020*

Silent Witness**R3 500.00**

This program offers a nonviolent bullying prevention method that parents and educators can teach children. It offers techniques that can help children avoid becoming bullying targets. *DVD / 2007 / 20 min / HSEDU021*

Sticks and Stones**R3 500.00**

This program examines the lasting emotional scars caused by verbal abuse and harassment. It explains that many schools have implemented policies to protect against physical bullying, but have neglected similar protections against social bullying.

DVD / 2005 / 20 min / HSEDU022

The Essentials of Discipline: The Middle Years (Ages 5 to 12)**R3 500.00**

Filmed in real family settings, this program illustrates how such positive discipline techniques as home rules, problem solving, and honest communication can be used to deal with the behavioral problems associated with growing up.

Bullying: What Every Adult Needs to Know**R3 500.00**

This DVD defines bullying and teaches adults how to help young people cope with bullying problems in a healthy manner.

DVD / 2003 / 30 min / HSEDU024

DIVERSITY IN EDUCATION**Social Class****R4 300.00**

This DVD defines social class and considers its significance. It introduces basic concepts of social class, explains sociological perspectives, and examines such foundational perspectives on social class as functionalism and the ideas of Marx and Weber. The DVD also explores the effects of social class in the U.S. *DVD / 2009 / 36 min / HSEDU025*

Social Stratification**R4 300.00**

This program introduces social stratification and examines its definition and study. The DVD covers such topics as models of stratification, stratification theory, ascriptive stratification, and global stratification. *DVD / 2009 / 36 min / HSEDU026*

TEACHING SKILLS AND STRATEGIES**18th- and 19th-Century Educational Philosophers****R3 500.00**

Featuring Megan Laverty of Columbia University, this program examines 18th- and 19th-century educational philosophy. It defines the philosophy of education; introduces the ideas of Locke, Rousseau, Wollstonecraft, Pestalozzi, Spencer, Alcott, Froebel, and Harris and discusses the influences on the educational philosophers of the 18th and 19th centuries on education. The DVD also addresses the late 19th and early 20th centuries, covers pragmatism, and profiles John Dewey.

DVD / 2008 / 17 min / HSEDU027

Key Changes: Kodály — A Music Education Method**R2 500.00**

This DVD introduces the musical education method of Zoltán Kodály. It outlines his basic pedagogical beliefs and philosophies. *DVD / 1992 / 58 min / HSEDU028*

Lesson Planning**R3 500.00**

Explaining that successful lesson planning is a combination of scheduling, conceptual organization, and practical implementation, this program offers strategies for creating quality lesson plans. *DVD / 1999 / 27 min / HSEDU029*

Teaching and Learning With Case Studies**R4 100.00**

In this DVD, Mary Sudzina leads a case study discussion among a group of students. The program demonstrates a process of case analysis and presents techniques that involve students in engaging discussions. *DVD / 2004 / 29 min / HSEDU030*

Integrating Media Into the Classroom**R2 800.00**

In this set, educators and media specialists discuss the rewards and challenges of integrating media into the classroom. The set emphasizes that increasing one's comfort level with high-tech teaching tools can unlock the full potential of educational media use in the classroom. *2 DVDs / 2005 / 28 min each / HSEDU039*

Connected Schools: How Technology Is Changing K–12 Instruction and Connecting Learners in the Digital World**R3 200.00**

This program emphasizes the importance of educating students about such issues as digital citizenship, Internet use, source evaluation, technological tools, and knowledge creation. *DVD / 2012 / 136 min / HSEDU040*

Instruction for All Students**R2 500.00**

This program offers classroom strategies that engage all students and increase achievement levels. It features classroom examples that show how to structure and pace a lesson, utilize modeling and role playing, teach new skills, provide constructive feedback, use the Socratic method of questioning, and assess students. The DVD also teaches how to determine when it is appropriate to use whole group instruction or cooperative groups or have students work independently or in pairs. *DVD / 2006 / 29 min / HSEDU041*

More Time to Teach: Responding to Student Behavior**R2 500.00**

This set shows how to respond to student behaviors in a manner that improves the classroom atmosphere and relieves educator stress. It considers issues specific to students who resist interventions.

Secondary DVD / 2007 / 40 min / HSEDU042

The Art of Teaching: Best Practices From a Master Educator**R3 350.00**

In this series, Patrick N. Allitt offers insights into the art of teaching. Presenting a series of lectures, visits to university classrooms, and interviews with professors and students, the series covers such topics as the first day of class, the characteristics of great teachers, the diverse range of learners, the art of planning, and the teacher-student relationship. It also shows how to deliver dynamic lectures, create exams, and use technology. *DVD / 2010 / 30 min each / HSEDU043*

The Art and Science of Teaching**R4 200.00**

This set provides a framework for implementing the teaching approach outlined in Robert J. Marzano's book *The Art and Science of Teaching*. It features Marzano, who explains the scientific basis for effective teaching, introduces teacher-level factors that influence student achievement, and examines the relationship between the art and science of teaching.

2 DVDs / 2008 / 45 min each / HSEDU044

Scaffolding Self-Directed Learning in the Primary Grades**R4 900.00**

Elucidating the shortcomings of whole-group learning and of the discovery method, this DVD introduces teaching approaches that are based on research by Lev Vygotsky. The program shows how learning can be scaffolded to enable active participation. *DVD / 1996 / 33 min / HSEDU045*

Common Sense Paper and Pencil Assessments**R4 700.00**

This DVD teaches how to integrate classroom assessment into daily teaching activities to increase student responsibility for learning. It shows how to develop effective and informal assessments and outlines steps for using paper-and-pencil assessments. *DVD / 1996 / 60 min / HSEDU046*

Constructing Effective Questions**R3 500.00**

Explaining that carefully crafted questions encourage high-level thinking in students, this DVD shows how to construct effective questions. It examines questioning hierarchies, explores the backward design method of lesson planning, and models effective questioning techniques. *DVD / 2000 / 28 min / HSEDU047*

Developing the Gifts and Talents of All Students**R3 500.00**

This DVD details strategies for modifying curricula to accommodate individuals with varying interests, learning styles, and academic strengths. It advocates an approach that focuses on applying, rather than assimilating, knowledge.

DVD / 2007 / 35 min / HSEDU048

Effective Teaching and Learning Using Interactive Whiteboards**R4 700.00**

Exploring effective teaching strategies, this program considers the advantages that interactive whiteboards bring to the learning process. It provides generic and subject-specific ideas for lesson design and delivery.

DVD / 2005 / 105 min / HSEDU049

Teaching Students to Think Critically and Creatively**R4 100.00**

This program provides strategies for encouraging students to operate in the upper levels of Bloom's taxonomy: analysis, synthesis, and evaluation. It shows teachers how to ask questions that lead to critical thinking and help students relate content to practical scenarios. *DVD / 2004 / 41 min / HSEDU050*

A Visit to Classrooms of Effective Teachers**R4 300.00**

This program visits the classrooms of two effective middle school teachers from large urban schools with mostly minority students. It highlights such effective teaching methods as organizing instruction to reach every student, using personal reflection on classroom practices, and monitoring student progress. *ASCD. DVD / 2004 / 45 min / HSEDU051*

Assessment for Student Motivation**R4 700.00**

This DVD explains why the behavior management strategy that defined the relationship between assessment and student motivation for years no longer applies. It outlines an approach to student assessment that is specifically designed for use in standards-driven schools. *DVD / 2004 / 45 min / HSEDU052*

Children at Work**R3 700.00**

This DVD examines the developmental abilities of children and looks at learning centers. It emphasizes that discovery and social development are important aspects of children's play, identifies developmental stages, suggests learning opportunities for each stage of development, and shows how to use learning centers. *DVD / 1997 / 48 min / HSEDU053*

Classroom Management Skills**R3 500.00**

This program demonstrates classroom management principles for secondary teachers. It shows a teacher developing rapport, establishing routines, and dealing with disruptive student behaviors. *DVD / 1983 / 30 min / HSEDU054*

ART OF LISTENING – HSEDU055**R2 500.00****Changing Inappropriate Behavior to Appropriate Behavior****R3 900.00**

This DVD introduces a discipline model that helps students break negative behavior patterns and shows how to trace misbehaviors to the needs that they reveal. The program also considers how negative behaviors affect teachers, classmates, and parents in the school learning environment and home family situation.

DVD / 1991 / 23 min / HSEDU056

Positive Discipline = Positive Children**R3 700.00**

This program shows how to use positive discipline to reduce behavioral problems. It explores the three main styles of discipline (authoritative, permissive, and authoritarian), discusses goals, examines the elements of positive discipline, and teaches how to eliminate environmental causes of conflict. *DVD / 1993 / 27 min / HSEDU057*

Creative Learning in the Classroom**R4 100.00**

This DVD teaches how to incorporate digital media and story making into classrooms. It follows two classes as they create stories and turn them into films. The program offers curriculum guidelines, handouts, and exercises.

DVD / 2006 / 24 min / HSEDU058

1-2-3 Magic**R3 500.00**

This DVD teaches a system of discipline that emphasizes the importance of avoiding arguments with children. It shows how to set limits, establish consequences, reassert authority, and stop tantrums. *DVD / 2001 / 120 min / HSEDU059*

The Seven Habits of Highly Ineffective Educators**R4 900.00**

This humorous program considers angry confrontations that reveal a lack of anger management skills, blanket instructional methods that ignore multiple intelligences, cultural discrimination, and refusal to accept educational change.

DVD / 1997 / 59 min / HSEDU060

SPECIAL EDUCATION**No Place to Be Smart: The Brightest Kids in Public School****R4 500.00**

Differentiated Instructional Strategies: Meeting the Diverse**R4 900.00****Needs of Students — Elementary**

Featuring classroom footage, this set shows how to implement differentiated instructional strategies to meet the diverse needs of elementary students. It introduces the KWL method to help students track their own learning, explains how students can work at different levels of complexity within the same subject area, and considers differentiation with ESL students.

Elementary - DVD / 2007 / 120 min total / HSEDU062

Special People, Special Needs**R3 700.00**

This program describes characteristics, capabilities, and expectations that apply to children with mental retardation, physical or neurological impairments, sensory deficits, physical disabilities, communication limitations, or emotional/behavioral disorders.

DVD / 2000 / 51 min / HSEDU063

Understanding Learning Disabilities Through Demonstration**R3 500.00****and Description**

This DVD teaches how to identify learning disabilities. It explains that dyslexia and attention deficit disorder are distinct from other learning problems. DVD / 1997 / 45 min / HSEDU064

Dyslexia: Symptoms and Solutions**R3 500.00**

In this DVD, Susan Barton examines the causes of dyslexia, details the classic warning signs of the disorder in children, and discusses the symptoms of mild dyslexia in adults. Emphasizing that most dyslexic children do not qualify for special education, Barton explains that many schools do not test for the disorder, shows how to find a qualified tester, and presents research-based practices for improving the school performance of dyslexic students. DVD / 2006 / 180 min / HSEDU065

Accommodating Specific Student Needs**R4 000.00**

Examining instructional and curricular modifications, this program explains how they help students with learning and behavior management. It addresses the learning needs of students with ADD, ADHD, behavior disorders, learning disabilities, autism, and mental retardation. DVD / 2006 / 40 min / HSEDU066

ADHD: Identification and Assessment**R6 000.00**

Introducing ADHD, this program discusses demographics, symptoms, and the effects of the disorder.

DVD / 2008 / 21 min / HSEDU067

TRUTH ABOUT ADHD**R3 700.00**

In this program, Wendy Richardson addresses the myths and misconceptions surrounding attention deficit hyperactivity disorder (ADHD) and outlines the characteristics and symptoms of the disorder. Richardson explains how brain function is affected by ADHD and considers the co-occurrence of ADHD and substance abuse. DVD / 2005 / 45 min / HSEDU068

EDUCATIONAL PSYCHOLOGY

Emotional Safety and Learning Styles

R2 500.00

Showing how to turn student differences into learning opportunities, this set presents techniques for creating an emotionally safe learning environment that encourages growth, accommodates learner needs, and builds cooperative goals. It covers learning styles. 2 DVDs / 2002 / 30 min each / HSEDU070

Vygotsky's Developmental Theory: An Introduction

R3 200.00

This DVD profiles Lev Vygotsky and examines his theory of constructivist learning. It illustrates the four basic concepts integral to Vygotsky's work: children construct knowledge, learning can lead development, development cannot be separated from its social context, and language plays a central role in cognitive development.

DVD / 1994 / 28 min / HSEDU071

Scaffolding Self-Directed Learning in the Primary Grades

R4 900.00

Elucidating the shortcomings of whole-group learning and of the discovery method, this DVD introduces teaching approaches that are based on research by Lev Vygotsky. The program shows how learning can be scaffolded to enable active participation. DVD / 1996 / 33 min / HSEUD072

Teenage Depression

R3 500.00

This DVD discusses the prevalence of depression among children and teenagers, considers the consequences of untreated depression, and examines the efficacy of treatment in children and adolescents. DVD / 2005 / 20 min / HSEDU073

The Essentials of Discipline: The Middle Years (Ages 5 to 12)

R2 500.00

Filmed in real family settings, this program illustrates how positive discipline techniques can be used to deal with the behavioral problems associated with growing up.

DVD / 2000 / 35 min / HSEDU074

COUNSELLING CHILDREN

R2 750.00

In this program, therapist Mary Bradford Ivey demonstrates her brief therapy approach to counseling elementary students. The program shows how to conduct an effective interview and use the family tree, community genogram, and positive asset search. DVD / 1998 / 60 min / HSEDU075

LISTENING FOR UNDERSTANDING

R1 950.00

This DVD presents a vignette of a disastrous communication misunderstanding. It features Carl Rogers, who explains how the tendency to interpret messages from one's personal point of view often leads to misunderstanding. The vignette is then reenacted with an empathic listener who achieves a positive result. DVD / 1981 / 28 min / HSEDU076
